The World's Top Ten Luxury Hotels

Philippe Kjellgren offers up a supreme bucket list of luxe hotels and resorts. Philippe Kjellgren, or 'PK' as he is known, is one of the world's most-connected travel personalities and author of seven travel books. Formerly the founder of luxury hotel site Kiwi Collection, he has launched a hotel app called PK's List, hailed as the Michelin Guide for the luxury hotel world.

His experience spans 20 years and PK has personal relationships with owners and management teams at more than 3,000 of the world's best hotels, regardless of their size or brand affiliation. PK has done the 'hard work' in scouting out the greatest places on Earth (and those that claim to be great but are not). Here are his must-do-before-you-die hotels.

Vik, Chile

Incredible design, amazing wines, a beautiful landscape and horseback rides through the wineries. Be sure to book one of the new glass houses. We went horseback riding through the vineyard; the most incredible feature of this resort is the winery. It's unique and the design is unprecedented: avant-garde, highly sustainable, technologically creative and the wines are delicious (we had a private guided tour). We also enjoyed wandering around the property checking out the many contemporary art pieces (the owner, Alex Vik, is an avid art collector). <http://vikchile.com/our%20retreats/>
